

2009 - 2010 Youth Soccer Program *Academy Team*

The Youth Soccer Program provides educational and developmental training for our players, ages 7 - 10, boys and girls.

The Academy Team is an extension of our Youth Soccer Program. The Academy Team is an opportunity available to the more serious player who has demonstrated ability and accomplished fundamental skill development. Parents and players looking for a higher level of competition and commitment should consider the Academy Team.

Upon completion of the Skills Evaluation the Mequon Staff Coaches, Age Group Directors and Directors of Coaching will recommend which players should consider participating at this higher level.

The Academy Team offers more competitive league play, additional training time, indoor training sessions, indoor league play as well as tournament play.

These additional opportunities are player funded and an additional cost to the base Junior Program rate of \$325. Players on the Academy Team are not required to participate in all activities, but are encouraged to do so. Provided below is an approximate outline of additional expenses.

The Academy Teams are continually evaluated throughout the season and will be reassessed and realigned each soccer year under the direction of the Junior Development Technical Director. To be considered for an Academy invitation player registration must received by the Club by May 29, 2009.
